

NVOCC for co-loading, whether under a shipper-to-carrier or carrier-to-carrier relationship, shall annotate each applicable bill of lading with the identity of any other NVOCC to which the shipment has been tendered for co-loading. Such annotation shall be shown on the face of the bill of lading in a clear and legible manner.

(3) *Co-loading rates.* No NVOCC may offer special co-loading rates for the exclusive use of other NVOCCs. If cargo is accepted by an NVOCC from another NVOCC which tenders that cargo in the capacity of a shipper, it must be rated and carried under tariff provisions which are available to all shippers.

§ 520.12 Time/Volume rates.

(a) *General.* Common carriers or conferences may publish in their tariffs rates which are conditioned upon the receipt of a specified aggregate volume of cargo or aggregate freight revenue over a specified period of time.

(b) *Publication requirements.* (1) All rates, charges, classifications rules and practices concerning time/volume rates must be set forth in the carrier's or conference's tariff.

(2) The tariff shall identify:

(i) The shipment records that will be maintained to support the rate; and

(ii) The method to be used by shippers giving notice of their intention to use a time/volume rate prior to tendering any shipments under the time/volume arrangement.

(c) *Accepted rates.* Once a time/volume rate is accepted by one shipper, it shall remain in effect for the time specified, without amendment. If no shipper gives notice within 30 days of publication, the time/volume rate may be canceled.

(d) *Records.* Shipper notices and shipment records supporting a time/volume rate shall be maintained by the offering carrier or conference for at least 5 years after a shipper's use of a time/volume rate has ended.

(e) *Liquidated damages.* Time/volume rates may not impose or attempt to impose liquidated damages on any shipper that moves cargo under the rate. Carriers and agreements shall rerate cargo moved at the applicable tariff rate, if a shipper fails to meet the requirements of the time/volume offer.

§ 520.13 Exemptions and exceptions.

(a) *General.* Exemptions from the requirements of this part are governed by section 16 of the Act (46 U.S.C. 40103) and Rule 67 of the Commission's Rules of Practice and Procedure, § 502.67 of this chapter.

(b) *Services.* The following services are exempt from the requirements of this part:

(i) The vessels of the controlling state are entitled by a treaty of the United States to receive national or most-favored-nation treatment; or

(ii) The controlled carrier operates in a trade served exclusively by controlled carriers.

(3) *Terminal barge operators in Pacific Slope states.* Transportation provided by terminal barge operators in Pacific Slope states barging containers and containerized cargo by barge between points in the United States are exempt from the tariff publication requirements of Act and the rules of this part, where:

(i) The cargo is moving between a point in a foreign country or a non-contiguous State, territory, or possession and a point in the United States;

(ii) The transportation by barge between points in the United States is furnished by a terminal operator as a service substitute in lieu of a direct vessel call by the common carrier by water transporting the containers or containerized cargo under a through bill of lading; and

(iii) Such terminal operator is a Pacific Slope state, municipality, or other public body or agency subject to the jurisdiction of the Commission, and the only one furnishing the particular circumscribed barge service in question as of January 2, 1975.

(i) *Prince Rupert and Alaska.* (A) *Vehicles.* Transportation by vessels operated by the State of Alaska between Prince Rupert, Canada and ports in southeastern Alaska, if all the following conditions are met:

(4) The common carrier does not participate in any joint rate establishing through routes or in any other type of agreement with any other common carrier.

(B) *Passengers.* Transportation of passengers, commercial buses carrying passengers, personal vehicles and personal effects by vessels operated by the State of Alaska between Seattle, Washington and Prince Rupert, Canada, only if such vehicles and personal effects are the accompanying personal property of the passengers and are not transported for the purpose of sale.

(2) The carrier will remain subject to all other provisions of the Act.
